## Created to flex. Engineered to endure.

The Lay Flat design allows for less hose tangle, saving time and effort. The fabric outer cover is non-marring, and has virtually no hose memory. Weighing less than traditional rubber hoses, the new Lay Flat Air Hose by StretchAir Professional is compact and easy to store. An extra advantage with the Lay Flat Hose is regardless of your climate you can keep working. The Lay Flat Hose is able to flex in cold so wind and unwind quickly for increased productivity.

### FOUR SEASONS
